The Protected By Allah

...Your God ...

says to Prophet **Muhammad** to
say to you:

*«' If you love God, follow me ,
[so] God will love you '»*

[31:3]

Can your soul feel? :

The Lord:
"Am I not your god?!"

We:
Yes, we have testified!

The Lord:
"Lest you say in the day of
Resurrection: 'Indeed, we were of this
unaware' "

.....

Whoever is beside the happy, is happy!

Who is the Happiest person in the world?

Who has the original happiness that never finish?

That person has -without any doubt- the greatest **bestowing** from **God**; which is Happiness!!

This person is whom **God** has made his heart -really- happier and happier every moment!!

This person - to keep happy all-time- must be not effected by any problem or disaster anyway.. his difficult circumstances must never shake him, he must be steadfast like a huge mountain against the world all!!

This person should not be hidden from the people around him, they must know him well and love him alot, because he brightens their life by his lovely smile and kindly words!

Aren't my words facts?!.. don't my words deserve to search?!

God has bestowed us happiness differently, but don't you want to know who is the most beloved of **God** whom **God** has bestowed him greatest like that??

Who is the person that is considered as the greatest person in the world, who has the most numbers of followers in the humanity??

Jesus -the great Prophet of **God**- loved **God** deeply to the degree that people -of that time- called him 'The son of **God**' like they used to do with the people adore a specific thing so much!.. then the idolatrous and the austere people believed wrongfully that he is **His** son really!

He -himself- referred to a prophet will come after him, his name is 'Ahmad' (this is -in Arabic- another name of '**Muhammad**')...

Frankly, I love *Jesus* and wait him impatiently to the degree that I saw him in my dreams many times, so I said to the Christians:

You love **God** that we love, you believe in *Jesus* that we believe in his prophecy, but have you not known yet what *Jesus* wants you?.. Do you not know the trouble you put *Jesus* in before the **Lord** when you take him as a deity beside **The Lord**?!!

In the holy Quraa'n, you can find a conversation between **God** and *Jesus*, in the last verses of *Surah* (Chapter) "The Table" (in which there is the narrative of *Jesus* and his companions when they asked for a table -spread with foods- from the heaven).. this is the translation of verses:

«And when **God** said: "O Jesus, the son of Mary, is he you who said to the people: "Take me and my mother as deities besides **God**?"

He [Jesus] said: "Exalted are **You!**, it was not far for me to say to which I have no right, if I have said it, **You** would have known it, **You** know what is within myself, and I don't know what is within **Yourself**. Indeed, it is **You** who is knower of unseen ◇ I said not to them except what **You** comanded me: 'Worship **God**, my Lord and your Lord'. And I was a witness over them as long as I was among them, but when **You** took me up, **You** were the observer over them, and **You** are -over all things- witness ◇ If **You** should punish them, indeed, they are **Your** slaves, but if **You** forgive them, indeed, it is **You** who is the exalted in might, the wise ◇

God said: "This is the day when the truthful will benefit from their truthfulness".....◇ 》

God is the strongest and **He** likes to be.. **God** is the greatest and **He** likes to be.. **God** is the biggest and **He** likes to be.. **God** is the most generous and **He** likes to be.. **God** is the most merciful and **He** likes to be.....

In short, I and you know that **God** is the utmost best in every good things, so if **He** is the best, **He** is one; because the best should be one to be the best!.. However, If you love **God** from the deep of your heart, simply love what **He** loves and hate what **He** hates, think about **Him** the utmost best as **He** likes to be!

Jesus said in another *Surah* :

«And [mention] when *Jesus* said: " O sons of Israel [Jacob], indeed, I'm the messenger of **God** to you, confirming what came before me of the Torah, and bringing good tindings of a messenger to come after me, whose name is : 'Ahmad' ".. but when he came to them with clear evidence, they said: "This is obvious magic"»

Prophet **Muhammad** told us that *Jesus* will return to the world before the Hereafter Day, to reappear the truth to the people and tell the world that he adores **God** and worships not but **Him** and invites everybody to do!.. Do you like to meet *Jesus*?.. maybe that will be very close, **God** willing!

Shortly, if you like the religious arguments and want more talking about Prophet *Jesus* because you have more beliefs and ideas, open the Quraa'n and talk yourself with your **God** in that, **He** talks with Christians and jews a lot in Quraa'n, and there is a lot of things **God** wants to tell you!

God says to you:

«O people of scripture, there has come to you our messenger making clear to you much of what you used to conceal of scripture and overlooking much. There has come to you from **God** a light and a clear book ◇» [5:15]

....

So who is Prophet Ahmad (or **Muhammad**) may **God** bless him and grant him peace??

In **611** A.C, there was a man in the Arabia peninsula, he was in the deep of the desert, on a desolated mountain, in a drearily cave, alone in the dark..

In spite of all that, he was in a cloud of happiness, his smile was covering his glad face,

his heart was joyfully shining; there were beams of **God's** cool light getting into his soul relaxing and happily!.. he was really joyous; able to be happy among all the difficulties, but **why??**

For one cause!

Yes, only **one** cause, but the greatest cause at all, it's that **God** -the owner of the world, souls and bodies- wants him to be happy, wants him to be the most blissful creature **He** created, so certainly he will be, surely he will be, of course he will be!!!

Maybe **God** created him in such difficult circumstances to make his grandness and efficacy shine clearly in the dark.. a simple Arabic man changes the world until now, that honorable man increases the morals and peace in the souls of his followers, thousands of people accept Islam every year all around the world.. but **why?**

Because Islam is the religion of mercy and peace, **God Almighty** made it like that, the people who

listened to an Islamic guidance, to the holy Quraan, knew that, not only by their brains, but by their hearts too!

The cool light of **God** arrives their souls and brightens them well, because people feel yearning to their creator and when they listen **His** words, they fell in love with his religion!

Prophet **Muhammad's** people were saying:
"**Muhammad** adored his Lord".. **God** made **Muhammad** his most blissful person and **Muhammad** adored his most Gracious **God**!

God -with **His** highness- gave the holy Quraan and the greatest message to his beloved Prophet by the closest angel "Gabriel" and then despatched him to the humanity all, **why??**

For one cause!

Yes, we say: 'We love **God**' but we neglect **His** true way, but **God** loves us -we **His** sinful creatures- and doesn't neglect us at all!, **He** wants to have mercy upon us despite our wrong

willingness!!

So **He** sent us a merciful messenger to guide us to the happiness way, we should follow him by words and deeds and then when we arrived the end of the way, we will be there; closer to the happiest person, very likely in the soul and the body!.. then **God** will have bestow us approximately as much as **He** has bestowed his Prophet via **His** Prophet (when we simulate his high morals)!

Prophet **Muhammad** is our method to **God**, he is our precious golden key to the desired happiness, but -unfortunately- he moved from our world to **God's**, he died but he announced the message, he left but left his honourable way in the humanity.. !

Sunna is the words and deeds which Prophet **Muhammad** had in his life, people saw and heard them and saved them in hearts and then in papers with every trusted certifications until they arrived our time true and right, contain the

guidance of the high patience and very magnificent morals!!

God,

we ask **You** to bliss Prophet **Muhammad** and grant him peace more and more!

Prophet **Muhammad** made his best to support his **Lord's** religion, he took the trouble to move the humanity from ignorance to the light of knowledge, especially the first word that **God** sent down is: «*Read*» !.. Don't be deceived by the undutiful Muslims who don't obey their Prophet or they who want to kill and capture, because Prophet **Muhammad** doesn't please them at all, he is innocent of them and of their wrongful way !

God

ordered **His** Prophet:

«*Fight them until there is no [more] subversion, and [until] worship is for **God**, but if they cease,*

then there is to be no aggression except against the oppressors»

Fighting is only for necessary to conjoin the people and stop the wars afterwards, but peace is the main principle which must state in your heart, the Muslims soldiers must fight for peace which **God** wants, not for money or just victory..

When Muslims were like that time ago, **God** was supporting them and granting them success, but now -unfortunately- the love of money and life have mastered their hearts and destroyed their religion..

Leave them and be you, look to yourself and look for **God** anywhere, be sure that **He** created you for **His** mercy and didn't leave you.. Love **Him** and be certain that **He** loves **His** creatures and loves -who loves **Him**- more..

For that, **God** loved Prophet **Muhammad**, because he is the most creature loved **Him** and took the trouble for **His** sake since his childhood.. so he is the best person to be the mercy of **Him**..!

like that **God** says:

«*And **We** have not sent you [O **Muhammad**]
except as a mercy for the worlds*»

Islam is a form of love to **God**, a method to improve our devotion to our beneficent creator! Islam is built on five deeds, who does them can start his relationship with God on their top.. !

What did Prophet **Muhammad** say?

He said:

" Islam is built on five: The testimony of 'No god but Allah and **Muhammad** is the Prophet of Allah', establishing the prayer, giving *Zakat*, fasting *Ramadan* and *Hajj* to the house to who can find a way to it"

First: It is very important to say the •
monotheistic testimony:

" I testify that there is no god but **Allah (God)**, and **Muhammad** is the Prophet of **Allah (God)**"

[Notice that the honorable word "**Allah**" in Arabic means "**God**" in English]

Second: Establishing the five Prayers in their right time of day (Dawn, Noon, Afternoon, Sunset, Evening).. •

Notice: each one should be done in its range from its call-Prayer and before the next begins.. but it is demanded to be done in the first third of it's range if that is possible.

These Prayers are the most trustworthy handhold of our relationship with our **Lord**, these mean that we talk with **Him directly** five times in day (at least), but the important thing is to know what we recite in prayer (like the holy Quraa'n and glorifying) and feel them really by our hearts!

Third: Giving Zakat (Alms) to the poorer than you in the last of *Ramadan* before the *Fittre Eid* (the Eating feast): •

- *For puplic*: Simple specific sum of money per every person, even he is baby or slave.. (which

equals approximately a half kilo of flour)

- *For rich*: It is simply 2.5% from the capital of your money if it gets a specific limit, that simple system is what can get the world rid of the class of poor gradually with the most less losses to the rich, the money in seems like the water drifting; from the more to the less until the all be justified!

- [Optional: You can also give money to the poor as a *Sadaqua* in any time of year with the amount of money you want, of course that's very useful for getting the pleasure of **God**, and making love between people!]

This is the magnificent money system of Islam that the experts said that it's the best method to improve the world and justify the people!

Fourth: Fasting *Ramadan* month (in the *Hijri* • calendar); nether food, nor drinks, nor sex, from the Dawn Prayer-call to the Sunset Prayer-call, the aim of fasting this thirty (or

twenty-nine) days is to purify our feelings for **God**; far from this life's temporary enjoyments (like eating), and have the enough time to focus on worshiping **God**, with devoting heart and empty stomach!

The second aim is to remember the poor who are often hungry and to try their bad feeling to conceive and encourage ourselves to be more generous!

Fifth and last: *Hajj*; the pilgrimaging to •
Mecca (if your circumstances allows you to do); to *Ka'aba* the square old house of **God** which the honorable Prophet *Abraham* is who built it originally by the order of **God**..

Since that time, **God** ordered Prophet *Abraham* to call the people to *Ka'aba* to do the hymning rites and remember the grace of **God** in providing us with the animals (like sheeps, cows, camels....) by sacrificing some of them for the sake of **God** and feeding the poor!

Hajj has many other rites like circulating around *Ka'aba* seven times with the other pilgrims, like electrons circulate around the atom, the main aim of that is spiritual more than material, the body deeds are important, but the soul feelings are the most important; you have a singular main aim in the world, it's the pleasure of your **God**, so you circulating around the symbol of your main aim; *Ka'aba*, **His** house, with a warm heart and flying soul, you circulate wishing that **He** allows you to be at **His** and get in **His** mercy!

Hajj can also improve the relationship between the people and cut off the racism; you can see all the people around the *Ka'aba* in an amazing ordinance; the white and the black, the rich and the poor; all the world is one between the hands of **God**!

If you are a Muslim, you are the one who alleges that he loves only **God** in spite of everything!.. The word 'Islam' in Arabic means: Submitting with subjection, and the word 'Muslim' means: The subjected submitter.. but what is the thing

Muslims shall submit?.. and to whom?

Soul and heart are the things **God** wants from me and you to accept us in **His** lucky people, notice that **His** happy people are the people of the Paradise!

May **God** will take the good people away from the fire and take them thankfully to the paradise, but surely **He** will take the best to the utmost Paradise where they can see **His** honourable, most high face (never like the familiar faces) with ever happiness that nobody can now express to you at all!

In the holy Quraa'n **God** says:

«Indeed, the religion -in sight of **God**- is Islam»

Islam (the submitting with subjection) is the religion of *Abraham, Jacop, Moses, Jesus* and every prophets of **God**, because they are the utmost best people, so surely they have submitted themselves to **God**, by that **He** accepted them and made them **His** Prophets !

The holy Qur'aan is the Prophet **Muhammad's** eternal, immortal miracle, what distinguishes The holy Qur'aan is that it is the speech of **God** directly; **God** talks to you, and you can feel that actually!.. People -who aren't Muslims- feel relaxing when they listen to Qur'aan, I know Christians love to listen to *surah* "Mary" of Qur'aan, other people - who don't understand Arabic- listen to Qur'aan in Arabic to feel happy!.. but why??

I said to you, people feel yearning to their creator, so their hearts dance when listening to **His** talking!.. your heart can be your leader to truth if you listen to it sincerely, **God the most Merciful** made our hearts like a compass in our chests, they always tell us the direction of the truth!

If you interest in listening to the new Muslims' opinions, you can watch this TV programme by Sheikh 'Fahed Al-Kundari': "Bil-Qur'aan Ehtadait" (By Qur'aan, I was guided), in, they talk about their guidance stories and express their affecting

feelings!

In The holy Quraa'n, **God Almighty** prepared to this people of technology, **He** referred to facts that are discovered by the technology power nowadays!.. even **God** referred that these facts will be discovered by the non-Muslims.. :

«Have those who disbelieved seen that the heavens and earth were a joined entity, then we separated them and made from water every living thing?!, then will they not believe?!»

The modern science told us that the world all was a thing, then it exploded suddenly in the Big Bang and then be formed as we know it!.. Yes, the non-Muslims, who don't believe in Islam, explored by the technology what their **God** created, without knowledge that **He** has told that they will do, in **His** holy Quraa'n, since more than 1400 years ago!.. then they told Muslims about their magnificent explanations, but Muslims didn't surprise!

Isn't it a miracle from the all-knowing **God**?!..
more than that, **God** wanted to create you and
knew that you will search for the truth, so **He**
prepared the evidences for you since more than
1400 years, so doesn't **God** love you?!..doesn't
God deserve all thanks from you?!

God says:

«Wherever you may be, Death will overtake you,
even if you should be in towers of lofty
construction ◇» [4:78]

Can you see this marvel, this Quraa'n -which
people knew before more than 1400- talks about
the high towers in our time!.. and with some
earthquake, even who is in the top level will be in
danger of.. of what?.. of death!!!

You can read a lot of the amazing miracles of the
holy Quraa'n in: "This is the Truth" by 'Abdullah
Al-Ruhailli', that book which **God** guided many
by!.. you can read miracles about Geology,
Embryology, Meteorology.....

That is it, **God** guide us though **He** manages to let us astray in dark, very upset in chests, and then takes us to fire by **His** just laws, but by **His** mercy **He** always forgives us and give us a chance after chance to fix our faults and be righteous in order to take us to Paradise!

God's mercy is over everything, this is our Great **Lord** who said to *Moses* in **His** holy Quraa'n:

«My punishment, I afflict with it whom I will, but my mercy encompasses everything, so I will decree it [especially] for those who believe in **Me** and give Zakat and those who believe in our verses» [7:156]

Islam is a soul state, the body always helps you to gather your focusing on your worshiping work (Prayers for example).. when you prostrate obediently, you must do that after you have the state of subjection actually in your soul and then you can prostrate to **God** and fly by your soul to your **Lord!**.. if you don't believe me, simply try!

Yes, a lot of non-Muslims tried to pray or to fast (in Ramadan), before they become muslim, they tasted the unique relaxe of being between the hands of **God** and love to be **His** slaves!.. one of them expressed that he felt **God** said to him: 'What did take you so long? '..

Human being loves to worship the greatest deity in the world, **God** made the innate like that since Prophet Adam, the father of humanity, he was in Paradise beside **God Almighty** pleasingly overhappy and glad, especially **God** distinguished Adam -among **His** creatures- with knowledge.. !

But when he disobeyed **God** and ate the fruit of that tree of *Dunya* (this world) instead of Paradise trees, **God** gave him what he had chosen, *Dunya*..

Few seconds later or less, Prophet Adam knew the truth that **God** ordered him not to eat from that tree for the sake of his benefit, and knew that *Dunya* is a very cheap life comparing with Paradise..

He so regretted and wept a lot, indeed, he kept very grieve until **God** accepted his repentance and gave **His** mercy back to his heart, but although, he still sad because he had to live in *Dunya* -the hideous ugly life- and that he missed the unvaluable chance of living in Paradise..

Prophet Adam told his sons and daughters the truth, and advised them to hate this ugly life- especially they haven't seen Paradise before-, some believed and other not, but despite all, his eagerness and loving to **God** still in the blood (or DNA) of his sons and daughters for ever!

You can see that each peoples were searching for **God**, for the massive force of deity.. Yes, human cannot be happy without a high goal he chooses for his life, and -without doubt- worshiping the **Greatest God** is the utmost best goal at all, but wish he decides to do!

Fortunately, **God** doesn't let us to our weak and satisfying willingness!.. **He** always reminds us of **His** Paradise and that *Dunya* is a very silly life

comparing with Paradise.. is there a listener?..

He always calls us saying in **His** holy Quraa'n:

《, don't you remember?! 》

《 ..., then will you not reason?! 》

There are adoring glances and loving looks wait for us in the actual life in Paradise, although, we -stupidly- prefer this going life instead of the eternal life, there you have never count your age, because your life will never end, and your body will never become decrepit, so why will you count?!.. there is eternal time, eternal and increasingly possessions!.. No fatigue, nor grief, nor boring!

God says:

《For the like of this, let the workers work! 》

The truth is in front of your eyes (rather it is in your eyes!), have you been looking at your nose in the past few seconds?!.. you will say: No.. I will say: Why?!.. isn't your nose the closest thing to your two eyes?!

Like that, you usually don't see the obvious truth, only because it's very very close to you, so you

certainly used to see it every instant like your nose!

But as you can focus on your nose, you can focus on the truth and know where to step, use your heart's eyes, the foresight, reason everywhere and every time and you will reach, **God** willing!

If your soul is pure, you will be able to see that **God Almighty** is around you in every words, **He** says:

«**We** will show them **Our** signs in the horizons and within themselves until it becomes clear to them that it is the truth. But it is not sufficient concerning your **Lord** that **He** is, over all things, a witness?!»

Actually, **God** shows us **His** signs in horizons; you can see that in every science of earth, sky and space, people progress in an amazing speed in the deferent fields, the advancement is really incredible!

God shows us **His** signs in ourselves, the medical explorations becomes greater!..you can ask: Why

does **God** not send new prophets?!

And I'll answer: You see, God - this time- makes people find the miracles out by their hands!, the miracles which the universe all bears witness to their greatness and incapacitation!

God Almighty has created all these great signs since the beginning of creation; uncountable years ago, that's very simple to **Him..** Now, after all those years, some people found some of them, those scientists can explain every phonemes with: 'This is the natural law', but nobody can answer this question: "Why have every things -even atoms- obeyed these laws?!" Or " Who has taught everything -even electrons- to oblige these laws?!"

Scientists all can answer nothing, they -disbelievingly- call the force of deity with 'Nature Power' despite they can't specific the manager of this power!

How can uncountable atoms behave the same wherever they are?!.. Why do every alive animal become decrepit gradually and die?!.. Why can

nothing still alive without dying?!.. Why does everything walk straight obeying the general system of world?!.. Why do giant planets circulate around sun just like little microscopical electrons circulate around nuclear?!.. Why can nobody change nether his skin color -for example- nor his sons' skin color?!.. Why, why and why???

In reasonable words, the world -undoubtedly- is moved by an enormous formidable force can control everything in the same instant, untellable ability masters the worlds and lives, so can't this greatness tell the humanity who is He?!

So **He** sent Prophets, *Noah, Abraham, Moses, Jesus, Muhammad*, prophet by prophet to bring mankind out of darkness into light, every prophet to his time and people, and to our time -in turn- is Prophet **Muhammad!**

Again, Who is Prophet Muhammad in details?

As to his image, he was very handsome bearded man, pretty tall, broad-shouldered, his eyes and lids were black, his hair was black, the people in that time described that his white face was like the white moon shining in the night, they all told that they have never seen like his majesty!

As to his morals, he was the wisest, everyone knows that his morals were the utmost best:

- He was extremely patient and tolerant though his very difficult circumstances!.. He forgave and released the people who have fought and hurt him and Muslims for 23 years after he defeated and captured them!

- He was extremely generous; He gave a petitioner a valley of sheep, so the petitioner came back to his people saying: 'My people, become Muslim, because Muhammad gives the giving of a man doesn't fear poor!'

- He was extremely just, once, he was holding a stick -to organise gently his soldiers standing by-

when a young soldier of his army said that he was hurt with that and he wants the Prophet to allow him to do with him the same. The other soldiers blamed him, but the Prophet gave him the stick simply and allowed him to do though he is the highest leader of the army.. but after, it appeared that the young soldier said that in order to get the chance of getting close to the Prophet and kissing his skin!

- He was extremely helpful, in one of wars, he was helping his soldiers in digging a trench around the city, he got on holding the rocks on his back though their trying to convince him to relax!

- He was extremely courageous, he was from the successful sort of leaders who say: 'Follow me', not 'Go'.. Their soldiers -though they were experts in wars- said: 'We were -if the battle becomes difficult- hiding behind the messenger of **God!** "

- He was extremely faithful and steady, he

confronted the people all with his most high message, and although he was hurt and his followers were tortured but he keep standing raising the flag of truth.. so little by little, **God** manifest him over all his wrongful enemies, who determined to worships idols, and made him the leader of whole the Arabian peoples!

- He was extremely good with his families, his youngest wife described that he was a Quraa'n walking on earth because of his most high morals that absolutely accord the Quraa'n!

- He was extremely beloved by the people, the poor and the rich, even one of his disbelieving enemies said:

' By **God**, I visited Kings, I visited Caesar, Kisra (King of Persia) and Al-Najashi (King of Abyssinia), but I have never seen a king his people magnifying him like **Muhammad's** companions do with **Muhammad!**'.

Even nowadays the people -who are non-Muslims- cite his high wising speeches and

preaching, like Biden did when he became the resident of America!

'Michael Hart' -the American writer- wrote in his book 'The 100' that Prophet **Muhammad** is the first man in the hundred greatest men in the world..!

Maybe you know that Prophet **Muhammad's** name is the most popular name in the world, even the non-Muslims calls their sons 'Muhammad'!

His birthplace *Mecca* is the most visited place in the world, millions of peoples come to his grave to announce their great love to him, and millions dreams to do!

Prophet **Muhammad** lived just sixty-three years in *Hijri* moon calender, (he died in the same date of day of his birth), or (570-632) AC, he started his work in inviting people to their Lord in forty, just 23 years before he moves to **God's**, but actually he changed the world forever!

Even now, Prophet **Muhammad** still amaze the world with miracles, not only by the Holy Quraa'n, but also by his predictions which materialise one by one!

God

says in His Holy Quraa'n:

«Your companion [Muhammad] has not strayed,
nor has he erred ◇

Nor does he speak from [his] inclination ◇

Not but a revelation revealed ◇

Taught him by one intense in strength ◇» [53:3-5]

Prophet **Muhammad** told us -for example- that in the end of times the man will pass talking with his hand, you can see that is perfectly what we do when we pass talking on the phone in our hands!

He told us that in the end of times there will be women, her heads will be like camelious, so tell those that no prayer will be accepted for them. And that is what happened in Islamic pays when

the undutiful Muslim women became putting things in their *Hijab* cloth in order to make it high, their heads actually looks like camelious just like Prophet Muhammad said before more than 1400 years ago!

Prophet **Muhammad** told us that women -in the end of times- will be -badly- dressed but undressed, and that literally what we see in this time in which women put on very tight and transparent clothes which they -regrettably- looked in them without dress..

He told us that the time will not end before the Arabia peninsula returns green with orchids and rivers, that's quite what happens nowadays when floods becomes filling the Arabia peninsula and the plants growing up!.. however it's miracle that Prophet **Muhammad** knew that it was green thousands years ago though it was desert in his time!

Prophet **Muhammad** told us that Furat river in Syria will dry away from a lot of gold under it,

and that is what appeared actually !

Those was examples, but every words said by Prophet **Muhammad** materialise one by one, **God** was teaching his Prophet an amazing knowledge from **His!**

This highest noble man invites me and you to our **Great Lord** after he touched **His** mercy by whole his heart!, and then he wants us to share him this happiness of **God The Merciful**, so why not?!

All kindman is slaves of **God**, but because **God** is **The Kind**, **He** took some people to be closer to **Him**, Prophet *Abraham* is the close freind of God, Prophet *Moses* is the talker of **God**, Prophet *Jesus* is the soul of **God**, while Prophet **Muhammad** is the beloved of **God**, **He** described him in **His** Holy Quraa'n:

«**We** have not send you, [O Muhammad], except as a mercy to the worlds ◇» [21:107]

«Say [O Muhammad] : '***If you love God, follow me***»

, [so] God will love you and forgive you for your sins , and Allah is Forgiver and Merciful' » [31:3]

What is better than this?!.. **God** gives us the chance to be **His** beloved with **His** messenger, so don't you want to take the chance and have a blessed relationship with this most high person?!.. don't you want to have his light in your heart?!

This is the Happiest Person with the witness of **Lord** of world!.. **God** says to you: If you want me to make you happy, follow this person I chose and loved to make you happy!

As to you: If you don't want to be a Muslim, if you want to lose this unvaluable chance, no problem, don't be!, because **God** said that it's your choice to get in the Paradise or in the Hell, **God** said that there should be no compulsion in accepting the religion because the truth is clear!

However if you believes in **God**, if you are looking for the truth sincerely, stand, lift your hands, and

call your **Lord** with whole your heart in any language you like; because **God** need no language or translator:

' O **God**, who guides the lost persons, who has mercy upon the worlds, guide me and expand my chest to contain the truth. Indeed, my **Lord**, you are the most merciful'

Because **God** says in **His** Holy Quraa'n:

« Whoever **God** wants to guide him, **He** expands his chest to [contain] Islam, and whoever **He** wants to misguide him, **He** makes his chest tight and constricted as thought he was climbing into the sky. Thus does **God** place defilement upon those who don't believe ◇» [6:125]

(By the way, this verse has a miracle; how did man in the old time -when there was no plane or any thing such- know what happens to the breathing if a man climb up into the sky??, or **God** -who knows every thing- is who sent this Quraa'nic verses down to **His** Prophet?!)

I invite you to take your inviting card -yourself- from your **Lord**; I invite you to read The Holy Quraa'n yourself and judge, but however, you know, your life is more precious than losing in temporary enjoyments will be forgotten very soon..

We are in a fatal competition in this world..

Bodies are our vehicles, and death is the Finish Line..

The winner is who had the truth in his heart, and worked the right by his body until the end!

And **God...**
... is the **just** judge!

...Some Wisdoms of **God Almighty** in **His** Islamic Laws...

Although **God** can originally make us walk in the straight system like the other creatures, but **He** has bestowed us with willingness and strong memory, **He** made us feted creatures!

God produced us and gave us the catalog of our bodies and brains to behave the best, Alcohol -for example- causes a noticeable damage to brains, it first begins instantly (drunkenness), then eternally when Alcohol states eventually in the cranium of the skull; that is what scientists said!

It damages brains and hearts, presses the nerves and cuts the family relationships, shortly it destroys the community and the humanity in other word, the sensible men and women -who want to achieve in their lives and be important- leave it even partly.. Now, you can see the wisdom of **God** when **He** forbids Muslims to drink

intoxicants at all; because human has a higher mission to achieve than drink and eat all-time like animals!

God

says in **His** holy Quraa'n teaching us how to reason before judging:

«They ask you about wine and gambling, say: 'In them there a great sine and [yet some] benefits for people, but the sine of them is greater than their benefit'» [2: 219]

This is the introduction to the forbidding, then in other verses:

«O you who have believed, indeed intoxicants, gambling, [sacrificing on] stone alters [to the other than **God**] and dividing arrows are but defilement from the work of Satan (Devil), so avoid it that you may be successful ◇

Satan only wants to cause between you animosity and hatred through intoxicants and gambling and avert you from the remembrance of **God** and from prayer, so will you disist?◇»

Drunker always behaves silly and foolishly, abuses his family and loses his secrets, that is what makes the one misses his charisma, I am with you that stop drinking is so difficult, but I think that you aren't less than the happy people who could to destroy the animalistic craves and to be in the higher class of saneness!

Everyone studied about the belly worms, the tapeworm (Taeneia) which is very dangerous, we studied that their eggs grows in the flesh of cows and pigs, in cow flesh we can get rid of them by boiling alot, but the ones in the flesh of pigs become the armed tapeworms (Taenia Solium) and they are more dangerous and getting rid of them is almost impossible, nether by boiling nor by any thing!.. Who then do take risk and eat pork, ham or bacon?!!

It's quite obvious that for our benefit, **God** prevents **His** people from eating Pork or such, that animal which is the vacuum of nature eats

the rubbish that it founds, so it is very dirty and disgusted, as for me -I have never tasted-, I feel wonder how people can eat such!, its image is ugly, its sound is yucky and its customs are silly, also it is cuckold, it is very clear why **God** made it forbidden!

However, it is said that human takes some properties of the animal he eats, whoever eats chickens becomes nervous, whoever eats donkeys or drinks their milk becomes fool and stubborn, so whoever eats pork becomes cuckold, and actually that is what we see on the people especially -you know- on beach or such..

Then, will we oblige the guidelines that **God** gave us in sake of our benefit?!, Quraa'n is like a catalog from our creator, a catalog of our bodies and world, if we oblige the commands in and disist the forbiddens, we will be very better, **God** willing!

One of the most famous things in Islam is *Hijab*; (Veil) for women, and reducing some of vision (to

the other sex) for men and women, both must be chaste and incorrupt to be accepted by **God**, undoubtedly this is one of **God's** eternal wisdom in **His** creatures!, but do you need an explanation?

As you know, **God** is who created the coupling between the creatures generally, and between humans specially, **He** is who created the brains and their catalysts generally, and their sexual catalysts specially.. Do you know what is the most catalytic one of them?

Certainly, you answered that it's the vision, everything of love often begins from looking to the other sex, but if you cut that off from the beginning, you can enjoy a calm marital life with your legal partner and children, relaxed from treachery and betraying and assured that your children is yours really!

One of the scientists tried the DNA of the children of different races and found that the majority of them their DNA weren't according to

their registered fathers'!

But when he tried the DNA of the Muslims' children, he found them all accorded to their registered fathers!

Of course, that is the wisdom of **God** which put the chastity in the hearts of women and men who have believed, and put the fear in the hearts of those who don't believe; because the conformer community of Muslims abuses the adulterers and kicks them out of its respective.. so the majority of people don't dare to commit such!

Hijab hides the beauty of the lady from the greedy eyes and tells the lookers that this is an chaste and incorrupt lady, don't close!.. Who doesn't like the chaste woman best???

In Islam, woman is the precious jewellery of man, he must keep her -honourably- in the house and guard his dignity from the greedy illegal men, that must if he and she want the pleasure of **God** and want to get in Paradise!

Woman is the nuclear in the atom of family, when she is good, the whole family will be such, but if she is exploded, the family and what is around will explode with her, so be very very careful!

God

says to **His** Prophet:

《Say to the believing men to reduce [some of] their vision and to guard their private parts, that's purer for them, indeed **God** is acquainted with what they do ◇

And say to the believing women to reduce [some of] their vision, to guard their private parts, not to expose their adornment except that which [necessarily] appears thereof, to wrap their headcovers over their chests..... ◇》 [24:31,32]

In the beginning, maybe that will be difficult, but when you use to do that, you surely will feel pure and happy, that is a tried thing and the result is known, however Prophet **Muhammad** told us

that **God** will give **His** slave happiness in the heart, especially in prayer, whenever he reduces his vision and gets his eyes away from the other sex (who isn't his partner or his close relative [like mother, sister and aunt, not cousin])

Firstly, in the old era, human had less clothes, but then he advanced and learnt differently how to produce a lot of clothes, so isn't more wearing (like *Hijab*) a sign of advancement?!

If you are really a lover of **God**, you should find that easy for the sake of **God**, because whoever is a lover, can sacrifice everything for his beloved, you shall be able to get into the depth of adventure to obtain **His** pleasure, that is if you love **His** highness actually!

In Islam, Muslim must earn his money within the laws of **God** to be *Halal* (lawful), the principle simply is: You can earn money but in condition of hurting nobody. That's what pleases our **Lord**.

God says:

《And cause not corruption upon earth after its

reformation. And invoke **Him** in fear and aspiration, indeed, the mercy of **God** is near to the doers of good ◇》

By that, stealing and burglary (or such) are forbidden, *Riba* (Usury, interest) is forbidden (because it destroys the indebted and enslaves him) , buy thing without the agreement of its owner is forbidden, gambling is forbidden (because it destroys the loser) ...

Shortly, everything hurts one of the two dealers (the buyer and the seller) is forbidden. **God** aims to the ideal community!

God says:

《**God** destroys interest (Usury) and gives increasing for charities, and **God** does not love every sinning disbeliever ◇》

《O you who have believed, fear **God** and give up what remained of interest (usury), if you were believing people ◇》[2: 278,279]

If we didn't make the ideal community, **God** will

make it in Paradise, **He** will throw the bad people and the wicked in the Hell, to be the firewoods of the fire, while **He** will have bestowing upon the good and make them dwelling in **His** great Paradise, those will be the ideal golden community!

God Almighty

Says in **His** holy Quraa'n:

«So that **God** will distinguish the wicked from the good and place the wicked some of them upon other and heap them all together and put them in Hell, and it is those who are the losers ◇»

[8:37]

If you love **God**, you should have the good morals that **God** likes and that **He** described **Himself** by; like **The Merciful, The Forgiver. God** commanded us to have good morals, He said in His holy Quraa'n:

«O you who have believed, avoid alot of assumptions. Indeed, some of assumptions is a sin. And don't spy and don't backbite each other. Would one of you like to eat the flesh of his

brother when dead? You would detest it. And fear **God**. Indeed, **God** is accepting of repentance and **Merciful**◇》 [49:12]

Prophet **Muhammad**-may **God** bless him and grant him peace- said:

"The religion is the good morals!"

Islam means high good morals, Muslim has good morals is the Muslim!.. Muslim hasn't, is a faked Muslim, **God** disassociated from him and **His** messenger so!

"**God** is beautiful and loves beauty", there are ninety-nine great names **God** took as **His** names you can call **Him** with. Prophet **Muhammad** told us:

*"For **God**, there are ninety-nine names, whoever gathers [the knowledge of] them, he will enter the Paradise"*

God

praised **Himself** in The Holy Quraa'n:

《**He** is **God**, other than whom there is no deity.

Knower of unseen and witnessed. **He is the Entirely Merciful, the Especially Merciful** ◇

He is God who there's no deity but **Him: The Gracious, The Merciful, The Sovereign, The Pure, The Perfection, The Bestower of faith and safety, The Overseer, The Exalted in might, The Superior.**
Exalted is **God** above whatever they associate with **Him** ◇

He is God, The Creator, The Inventor, The Fashioner. To **Him** belong the best names, whatever is in heavens and earth is exalting **Him**.
And **He is The Exalted in might, The Wise** ◇»

[59:22-24]

If you want **God** to answer you when you ask **Him**, praise **Him** with **His** Great Names that **He** loves.. indeed, my **Lord** is near and responsive!

God said

in **His** Holy Quraa'n:

«And when my slaves ask you, [O Muhammad], concerning **Me**, indeed, I am near. I respond to

the invocation of suppliant when he calls upon
Me. So let them respond to **Me** [by obedience]
and believe in **Me** that they may [rightly] guided

◇» [2:186]

How to do ablution?

God says:

《...indeed, **God** loves those who are constantly repentance and those who purify themselves ◇》

[2:222]

Tahara (cleanness) is a very important part in Islam, the first thing the people must do when they get Muslim is to wash themselves and get rid of dirty of skin and sex with the intention of purifying!

Always Muslim can't pray if he hasn't done his ablution before, what is the ablution?

There's five principle steps:

1- Firstly say: 'In the name of **Allah (God)**' and wash your hands.

- [Optional] Wash your mouth and nose once at least.

2 - Then wash your face all; from the hair to the chin, and from ear to ear, once at least.

3 - Then wash your arms within elbows to hands once at least, but begin with the right. It's better to massage them while washing too.

4 - Wipe your head (hair) with water once at least.

- [Optional] Wipe your ears and neck with water once.

5 - Finally, wash your feet within the ankles to the toes (within) once at least, but begin with the right. It's better to massage them while washing too.

- It's very good to say after ablution with only your right fore finger up (to refer that **God** is one):

"I testify that there is no god but **Allah** and **Muhammad** is the messenger of **Allah**"

Notice that this ordering is important if you didn't forget some step, this ablution is the key that allows you to pray purified from sins that you couldn't avoid (despite your tries)..!

Notes:

- The ablution becomes invalid if you got what is done in toilet, if you quite slept, if you bled more than half drop, and if you touch -by your palm- the palm of the other sex (if he or she is non-close relative) or you have sex..

But you can pray many with the same ablution if it didn't become invalid though it's better to redo it before every prayer.

- You must always wash firstly if you had sex.
- If a woman had menstruation, she can't pray at all until the blood quite stops (not more than 15 days) then she washes, do ablution and return to pray as usual. She doesn't have to pray the gone prayers.

- [Optional] It's better to redo the ablution if you

get angry or upset..

- You can do an ablution -with your face and hands only- with dust instead of water in many conditions like:

If water is very difficult to find or it's dearer to drink than to clean; because of drought for example (that's if water is so far to get in desert for example), but if you got water you must to redo the ablution with water straight away.

When you use to clean your body such, you will not regret and will feel pure and relaxing, one said after he became a Muslim:

- If Islam has nothing but washing after sex, that was enough!

How to pray?
How to feel spiritually?

Allah

said in the Holy Qur'aan:

«O you who have believed, bow, prostrate,
worship your **Lord** and do good, that you may
success ◇»

As to the most important thing in Islam, the
Prayer, Prophet **Muhammad** said:

"Islam is the Prayer"

How to perform prayer?.. and how to pray
spiritually?!

First, before beginning to pray, you must have a
valid ablution, stand with your chest against the
Kibla (the direction of the site of *Ka'aba* in
Mecca), and gather your focusing on praying.

(Note: Woman have also to cover whole her body
except her face and hands during praying)

Prayer is seven principle steps (after ablution necessarily):

1 - Firstly, you must stand and put your hands beside ears -with your thumb under- and say: "**Allah-u Akbar**" which means: **God** is greater [than *Dunya*, that which I desire....], then put your hands on your belly (if you are a man) or on your chest (if you are a woman).

2- Read *surah* Al-Fatiha (chapter) of the holy Quraa'n by Arabic or exalt **Allah** if you haven't memorised Al-Fatiha yet; say this four exaltations three times at least:

1- Subhana **Allah** (Exalted is **Allah**),

2- Al-Hamdu li-**Allah** (the praise is to **Allah**),

3- La ilaha illa **Allah** (there's no god but **Allah**),

4- **Allah-u Akbar**.

-[Optional] read more verses of Quraa'n.

3- Bow and put your hands on your knees with your back and head straight to *Al-Kibla* and say: Subhana Rabbia Al-Azzeem (Exalted is my **Lord The Great**) three times at least.

4- Stand up again and say:

Sami'a **Allah** li-mn Hamidah. Rabana, wa-laka Al-Hamd

(**Allah** listens to whoever has praised **Him**. Our **Lord**, and for you the praise is)

5- Fall prostrating on your forehead and nose, with your hands beside your face, and your toes still toward the *Kibla*. Say:

Subhana Rabbia Al-A'ala (3 at least)
(Exalted is my **Lord The Most High**)

6- Raise your head setting on your legs and say:

Allah-umma Eghfer li. (2)
(**Allah**, forgive me)

7- Prostrate again.

- [Optional] It's better to say: '**Allah-u Akbar**' every time you move to the next step.

These seven are called *Ruka'a*, well, each one of the five principle prayers has a specific number

of *Ruka'as*.

Dawn Prayer is two Ruka'as.

Noon Prayer is four Ruka'as.

Afternoon Prayer is four Ruka'as.

Sunset Prayer is three Ruka'as.

Evening Prayer is four Ruka'as.

- But you must set on your legs every pair of Ruka'as and say:

The greetings is for Allah and the blessing good conferment. Peace be upon you, Prophet

[**Muhammad**], and Allah's mercy and blessings.

Peace be upon us and upon Allah's righteous slaves. I testify that there is no god but Allah and Muhammad is the Prophet of Allah.

[Raise your right fore finger with the testimony.]

- But in the last pair (like the first pair in Dawn-Prayer and like the second in Noon-Prayer) you must also say:

Allah-umma (**Allah**, we ask **You** to) bless our

master **Muhammad** and grant him peace and the family of master **Muhammad** as **You** have done upon our master *Abraham* and upon the family of our master *Abraham*, in the worlds, indeed **You** are Praiseworthy and Honourable!

- [Optional] You can ask **God** what you want.

- Finally, turn your head to the right shoulder and say: Al- Salamu Alaikum wa Rahmatu **Allah** (Peace and mercy of **Allah** be upon you), then turn to the left and say such, that you say peace to the right and left angels who write (or bear witness) your good and bad deeds.

Simply, this is Prayer -materially- though you have to memorise *Surah* Al-Fatiha and those Arabic words, but if you are sincere, you will use to do that fast, **Allah** willing!

That was an outlined summary, but...

..Now..

Now, to the interesting and important part of Prayer, the spiritualism, the part without which all the prayer will be in vain.

Prophet **Muhammad** -may **Allah** bless him and grant him peace- said:

"It is not for you from your prayer, except what you realised in "

And said:

"Two men are praying, their two bows are one, their two prostrations are one, but [the difference] between their two prayers is like [the difference] between the heaven and earth! "

Of course, the difference is what in the heart of the righteous!

He also said:

"Prayer is only humiliating and subjecting [to **Allah**] "

You pray to glorify **Allah**, to improve your love to

Him, when the soul dances, this will be spiritualism.. If you want a summary to reach, take this:

*Be sincere, submit your soul to your **Lord**, understand what are you saying, and never hurry!*

But if you want details, I will do my best to talk in acceptable details and to refer to the effecting notes that may change your prayer as well as your life!

First, when you stand to pray, you shall realise that you are between the hands of **God Almighty**, you shall have the fearing of **Allah** in your chest, if you did, now start!

«Indeed, the believers are those who when **Allah** is mentioned, their hearts become fearful, and when **His** verses are recited to them, it increases them in faith, and upon their **Lord** they rely ◇»

[8:2]

When you say: **Allah**-u Akbar!, you shall have the feeling that **Allah** is more important than

everything else, so you shall forget *Dunya* and don't think in as possible, because it is small and valueless. Especially, **Allah** detests *Dunya*, so if you want to draw close to **Him** more, you have to leave what **He** detests more!

Then you can read the opening ask:

"I have turned my face to **He** who created the heavens and earth, inclining the truth, and I am not from those who associate other with **Allah**..

Indeed, my prayer, my raits [of sacrificing], my living and my dying are for **Allah**, **Lord** of the worlds, no partner has **He**.

And this I have comanded and I am from the Muslims"

I don't need to explain to you, these monotheistic meanings of this praying ask are very strong as you see, they are found out of Quraa'nic verses, and all you have to do is to focus on them by your sincere heart!

Then, reading *Surah Al-Fatiha* (The Opening), in

which you can feel that you are talking directly to your **Lord, Allah**, so it is which opens the relationship between you and your **Lord**.. this is the translation, it is seven verses (you can't read the translation in Prayer) :

《In the name of **Allah the Entirely Merciful, the Especially Merciful** ◇

[All] Praise is [due] to **Allah, Lord of worlds** ◇
The Entirely Merciful, The Especially Merciful ◇
Sovereign of the Day of Resurrection ◇

It's **You** we worship and **You** we ask for help ◇
Guide us to the straight path ◇

The path of those upon whom **You** have bestowed favor, not those who have evoked [Your] anger, or of those who are astray ◇ 》[1:1-7]

1- Prophet **Muhammad** -may Allah bless him and grant him peace- said:

"Everything doesn't begin in the name of **Allah**, it will be cut"

So we must focus on the first verse (in which: 《Bismé-**Allah Al-Rahmanne Al-Raheem** ◇》) in order not to our prayer be cut and away from

acceptance.

2- The second verse is the first of the speech with **Allah**, we praise **Allah the Great** who loves to be praised and that because we love **Him** and want to draw closer to **Him**..!

3- The third is more praising with the names that **Allah** likes best, **The Entirely Merciful** (who entirely has mercy upon all **His** creatures) , **The Especially Merciful** (who especially has more mercy upon **His** righteous people), as you see (in everything), **Allah** likes to have mercy upon **His** creatures, and likes to be described with (so **He** teaches us to do in the verses)!

4- The fourth explains that **Allah -Who** we worship- is the Sovereign of the Day of Resurrection, that very enormous, hard and scary day who wait for all the creatures, (even the animals, **Allah** will judge between them justly), that day in which everyone needs a mercy peep from **Allah** as well as seeking mercy from **Him**, so won't you take advantage of this chance of

talking with **Him** freely now?!

5- The fifth is by our tongue: „**Allah**, we worship only **You**, never else. And only **You** we ask for help.. never else".. can you explain what is the meaning of 'worship' word?

When you worship **Allah**, that means you consider **Him as** your aim in whole your life, you always think how to gain **His** high pleasure, in day, in night, in work, in street, among family, among friends.. everything is Allah for you, and your situation tongue says: Where are you, **Allah?**.. I am coming to **Yours!**

6 - In the sixth, you supplicate **Allah** to guide you to the straight path. If you ask what the straight path is, it is the quite obedience of the laws of **Allah**, which is like a straight line to **Allah's** pleasure, it is the excellent morals that **Allah** loves and ordered us to have!

Materially, Prophet **Muhammad** -may **Allah** bless him and grant him peace- said that there is a

path hanged above the Hell, it is sharper than sword and thinner than hairbreadth, whoever is obedient, will pass very fast to the Paradise, whoever is disobedient, will find that difficult or impossible until he falls down to the Hell, that is -of course- looking to the excellence or amateurishness of one's deeds.. and that -as it seems- a simulation of the obedience matter to draw it closer to comprehension in *Dunya* and make it more effective to the hearts in Hereafter!.. So, are you ready to the Day of Resurrection?

7- The seventh verse, you complete the previous supplication with specification, the path of those upon whom **Allah** had bestowed favor, means -but **Allah** is knower- the way that **Allah** guided those righteous people to do to draw closer to the deeds and feelings that **Allah** loves!

Not the way of the misguiding people who do the deeds which evokes the anger of their **Lord**, or the way that astray people like..
In the end, it's better to say 'Amen' which means:

'Allah, please respond to me'

.....

- Then, you can recite more verses of Quraan that you memorize like *Surah* Al-Samad -for example- or any other verses..

- The next step, Bowing, is very important step, Ruka'a literally means 'a bow', when you bow to your **Lord**, you submit -to **Him**- your dearest part, your head, referring to your absolutely subjection to **Him**, if you can have this feeling really in your chest and head, you are really bowing, and you can feel the greatness of **Allah** saying with your sincere heart: Subhana Rabbia Al-Azzeem, (Exalted is my **Lord The Great**).. The more you repeat this sentence, the more you dive between the hands of **Allah**!.. but keep it an odd number like 3,5,7...

- Next, it's standing between bowing and prostrating, Prophet **Muhammad** -may **Allah** bless him and grant him peace- said:

"Indeed, **Allah** doesn't look at a slave doesn't raise [to be stand] his back between his bowing

and prostrating"

By that, we know that it is an important step, this step is to praise **Allah** and to refer to **His** favor in listening to **His** slaves!.. and to gather your heart to prostrating humbly.

- Then, prostrating is the preferred step to me, in which you can put your forehead on the rug of closeness to **Allah**, with prostration you can fly with your soul to **Allah**, you can see your **Lord** by your insightful eyes, you can recognise your **God's** cool mercy, all what you need is two things, sincere and ambling, don't hurry up!

Prophet **Muhammad** said:

"The closest of the slave to **Allah** is when he is prostrating, so increase your supplication [in prostration] "

- Setting, between the two prostrations, is effective, setting on ground and call your **Lord** in humility and privately; supplicate **Allah** to have mercy upon you and forgive you!

《Call upon your **Lord** in humility and privately;
indeed, **He** doesn't love the transgressors ◇》
[7:55]

- Then, you have to ask conferring blessings for our honorable teacher, Prophet **Muhammad**, he told us:

"Conferring blessings upon me is the recommendation of the prayer "

《Indeed, **Allah** conferring blessing upon the Prophet, and **His** angels [ask **Him** to do]. O you who have believed, ask [**Allah** to confer] blessing upon him, and ask [**Allah** to grant him] peace ◇》
[33:56]

So, don't lose your recommendation from your teacher!

He told us that Prayer is an evidence to the slave on the Day of Resurrection, an evidence of the sincere in front of **Allah** when **He** will question **His** slaves about their intentions and deeds each one, small or big along their previous life..

.....

- After prayer, it is from *Sunna* to say for 33

times, the four exaltations which I have recited before:

- Subhana **Allah** 33
- Al-Hamdu li-**Allah** 33
- La ilaha illa **Allah** 33
- **Allah**-u Akbar 34

If you want these to work well, you should know their meanings and give them the power over your heart.. by the way, those exaltations are recited in the Holy Qur'aan:

«But the enduring good deeds are better to your **Lord** for reward and for one's to hope ◇» [18:46]

Extra points:

- Be careful not to hurry, Prophet **Muhammad** -may **Allah** bless him and grant him peace- said:

"The worst stealing of people is whoever steals from his prayer", they asked him: How does he steal from his prayer?! , he answered: "He doesn't complete its bowing and prostrating"..

Notice: If you didn't stop moving -at least- during your bowing or prostrating, you didn't complete it..

- Keep to pray in the first of the time, the first third of Prayer time is for the beloveds of **Allah** , the second third is to the slaves of **Allah**, the third is to the.... [not good!].

- Renew your Ablution, that is from the deeds of the knowers with **Allah** (whom Allah teaching them all-time) !

- Fasting optionally (out of *Ramadan*) especially Monday and Thursday (which the Prophet had often being fasted), because this is a shield for you and an evidence of your hating to *Dunya* which **Allah** detests, Prophet **Muhammad** -may **Allah** bless him and grant him peace- said:

"Loving *Dunya* is the head of every sin"

- For making your Tranquility accumulatively, keep remember **Allah** (by the four exaltations for example) between prayers and don't be quite

occupied by others, because if you were, you will lose your previous Tranquility and return to the zero..

Allah says:

«Keep [with care] on your [obligatory] prayers and the middle prayer, and stand before **Allah** devotedly obedient ◇» [2:238]

«So when you have completed the prayer, remember **Allah** standing, sitting and [lying] on your sides... ◇ » [4:103]

- Keep on some optionally prayer in night, that is what **Allah** loves most, **He** says:

«And establish prayer at the two edges of day and for closing times at night. Indeed, good deeds do away with the misdeeds, this is a reminder for those who remember ◇» [11:114]

«Indeed, righteous will be among gardens and springs ◇

taking what their **Lord** has given them, indeed, they were -before that- doers of good ◇

they used to sleep but little of the night ◇
and in the hours before dawn they would ask
forgiveness ◇

and from their properties they was [given] a
right of the [needy] petitioner and deprived ◇»
[51:15-19]

- Remember all-time, the most important thing is to establish your own relationship between you -as a slave- and Allah as your **Lord**, quite like if you see **Him** before you by your material eyes, **He** is with you, around you and in you, **He** is every thing and every time, **He** is your master and the owner of yourself, head and soul..!

Prophet **Muhammad** -may **Allah** bless him and grant him peace- told us that **Allah** says:

("Son of Adam [every human] hurts **Me**, he insults the time though I am the time")

Notice that it is a Qudsi speech which means that is a speech of **Allah**, but the Prophet told it to us, not Quraa'n.

- Firstly and finally, hope for your **Lord's** mercy

and fear **His** punishment, because **He** -The most High- is the ally of the believers!!

Allah says:

«**Allah** is the ally of those who have believed, **He** brings them out from darkness to light... ◇»

[2:275]

..Some Signs of Spiritualism..

If you wants signs of success in gain the beginning of spiritualism, I can give you some:

- Tranquility and peace fill your heart more than usual..

- Your *Juareh* (your parts which do, like eyes, ears, hands) become humbly submissive, Prophet **Muhammad** said when he saw a young man playing with his beard while praying:
"If his *Juareh* were humbly submissive, his heart would be so"

[and wouldn't play or be bored]

- Your skin shivers..(and that is recited in Quraa'n [39:26])

- Your neck becomes bowing humbly to your **Lord.. Allah** says:

«And they fall to the chins crying, and Quraa'n increases them in humble submission ◇»

- A state of crying overcomes you..

Allah says:

«If the verses of **The Most-Merciful** are reciting to them, they fell in prostrating and weeping ◇»

- You feel a strange and relaxing heat emitting from your body (like face, hands, mouth....)

Allah says:

«And when he [Moses] came to it, he was called that blessed is whoever is in the fire or around it, and exalted is **Allah, Lord** of worlds ◇»

Notice: that it is the fire of monotheism and adoration!

- You feel a surprising sweet on your tongue and between your teeth (even if you were fasting), and that is the feeling some people have when pleasing!

- You want to pray more.. Prophet **Muhammad** said: "The man keeps being truthful until he is recorded in **Allah's** as a Saint "

But attend to not make the signs the most important to you, because that will corrupt your

main work in glorifying **Allah**, that will be like the poor love the pot (in which is food) instead of the bestower!

In the end of this book, I told you that is a summary of Islam, of course it is better to talk directly to a Sheikh in Mosque or an expert Muslim to explain to you more; even in Quraa'n, there are things the translator couldn't recite or explain to you, you have to be Arabian to understand it without help, because Arabic is a language likes to sum its words up, especially Quraa'n is the center of eloquence to the degree that linguists of Arabic consider Quraa'n as the reference of Arabic!

However, if you love **God, He, Allah**, will certainly help you and lighten your heart as **He** did with uncountable people before you!

I can't meet you, but I ask **Allah** to make you feel the best by following Prophet **Muhammad**, and benefiting by my book which **Allah** -by **His** mercy- guided me to write!

So, thanks **Allah** uncountable very much
thanks!!!

Please, if my book benefited you or gained your
like, please share its link and ask **Allah** to guide
me!
